FROM BRIGADIER-GENERAL SIR R. NAPIER, K. C. B.,

TO THE CHIEF OF THE STAFF,

Morar, the 14th July 1859.

SIR,

I have the honor to forward, for the information of the Right Hon'ble the Commander-in-Chief, a Report received through Lieutenant-Colonel Boyle, Commanding at Seronge, of a second successful attack upon the Rebels under Adil Mahomed Khan, by that gallant and enterprising Officer Lieutenant Roome, 10th Bombay Native Infantry. I entirely concur in the favorable terms in which Colonel Boyle mentions Lieutenant Roome, and the Officers and Men under his Command.

I have, &c.,

Commanding Gwalior Division.

FROM LIEUTENANT-COLONEL W. BOYLE,
Commanding Seronge Field Force,
TO THE ASSISTANT ADJUTANT GENERAL,
Gwalior Division.

Camp near Seronge, 1st July 1859.

SIR,

I have the honor to forward, for submission to Brigadier-General Sir R. Napier, Commanding the Division, a Report from Lieutenant Roome, (10th

Bombay Regiment of Native Infantry,) Commanding the Field Detachments at Basoda, of a successful encounter with Rebel forces under Adil Mahomed Khan, near Goonapoor, on the 23rd ultimo.

2. The operations described in Lieutenant Roome's Report appear to me highly creditable to him and to the Force under him; and I wish to express to the Brigadier-General my sense of Lieutenant Roome's praiseworthy exertions, zeal, and intelligence on the particular service on which he is employed.

8. It affords me much pleasure to point out to the Brigadier-General the warm terms in which the service of Lieutenant Blair, of Mayne's Horse, and of his Detachment also, are mentioned on this occasion by Lieutenant Roome, and the good spirit shown by all the Officers and Men of the Force, and I hope for the good offices of Sir R. Napier on behalf of Rissaldar Indur Sing, of Mayne's Horse, (wounded in the engagement), who is specially mentioned.

I have, &c.,

(Signed) W. BOYLE, *Lieut.-Colonel,*

Commanding Seronge Field Force.

FROM LIEUTENANT FORD ROOME,

Commanding Basoda Field Force,

TO THE STAFF OFFICER,

Deopoor.

Camp Garispore, 24th June 1859.

SIR,

I have the honor to request you will forward through Colonel Boyle, Commanding Brigade at Deopoor, to General Napier, Commanding Gwalior Division, this my Report of a successful attack on Adil Mahomed, on the hills near Goonapoor. I left this place yesterday morning at one A. M. with a force as per margin, and proceeded by a jungle track over several ranges of hills, till I arrived at their encampment; this I found burnt to the ground and deserted, but in the bushes we took two prisoners who told us that Adil Mahomed was encamped on the hills with two thousand men, of whom eighty were mutinied Cavalry Sowars, and seven hundred Teelingas, or mutinied regular Sepoys, and the remainder Beldashes and Villaities. I ought to say that we had heard from a woman we met on the road, that the Patell of Goonapoor had advised her to leave, as it was the intention of the Rebels to have a fight with the English Force coming to attack them. Taking all this into consideration and also the smallness of my Force, I advanced to the attack of their Camp with the greatest caution. I threw out a portion of my Infantry as Skirmishers, keeping the remainder as a support. In this order we reached the enemy's position, but found that, at the eleventh hour, their carriage had failed them and they had retreated. Perceiving from the freshness of their tracks that they had only lately left, I sent on Lieutenant Blair with the Cavalry in pursuit, and followed myself with the Infantry to support him, should the enemy make a stand as I expected.

Lieutenant Blair after a gallop of about a mile through thick jungle, came upon a large body of the enemy which he at once charged. They were regular Sepoys and Sowars mounted on horses and ponies, and though many of them made a desperate resistance, yet the Detachment of Mayne's Horse, under Lieutenant Blair's able leadership, managed to cut up a great number of them. The Infantry were not altogether idle, for the Skirmishers put up one of the nullahs, a few Rebels who had escaped the Cavalry, and shot or bayoneted them altogether. I am of opinion that at least one

hundred were sabred by the Cavalry, who, with their gallant young Officer, did their work admirably. Lieutenant Blair speaks highly of the behaviour of the whole of his men, on this occasion, more especially of the Sikh Troops which happened to be in front. He also begs to recommend to the special notice of General Napier, Rissaldar Indur Sing, (whose name I had much pleasure in once before bringing to his favorable notice, and who was yesterday wounded on the wrist); also of Sowar Ram Sing, who received a sword cut on the right shoulder, as also of Sowar Bheekum Sing, who cut down the Sepoy who wounded the Rissaldar, and in doing so, received a cut through the boot.

On our return as the Column approached the village of Goonapoor, some Rebels who were hid in the houses fired out and shot a Duffadar of the Camel Corps. I at once formed the Infantry into three storming parties under the respective leaderships of Lieutenants Harris, Newport, and myself. We lost no time in attacking. Lieutenant Harris' and my party stormed the village, and Lieutenant Newport's a hill at the back of it. We drove the Rebels out of the village, I towards Lieutenant Newport's party; but owing to the admirable cover they had, and the denseness of the jungle, they escaped with the loss of about ten of their number. We then returned to the village of Goonapoor, which we found full of grain and other supplies, sufficient for a year's consumption, of which we took away as much as we could, destroyed the remainder and burnt the village. I should beg to draw the General's attention to the admirable behaviour of the men of all Arms composing the Force, who, because of the baggage not being able to follow us on account of the badness of the roads, had to remain the whole day and night in the rain, wet, hungry, and fatigued, bearing every privation with the utmost cheerfulness. My thanks are specially due to Seei Sooha Ram Rao, for the correctness of his information and the great trouble he took to obtain it, and his indefatigable zeal in procuring supplies for the Force. I may also add that as usual he kept in front with the Skirmishers. I ought to say that I sent a copy of the terms offered, to Adil Mahomed and that he ordered my messengers to be beheaded, they managed however to escape with the loss of their horses, and returned to me late on the night of the 22nd. In fact I set out for the attack in less than two hours after their return. I enclose a Casualty List.

I have, &c.,

MARINE COURT.

At a Marine Court assembled on Saturday, the 18th day of June, one thousand eight hundred and fifty-nine, under Act XII. of 1859, Mr. Master Pilot E. H. T. Bull was tried on the following Charge :

CHARGE.

Mr. E. H. T. Bull, Master Pilot, for breach of duty in the following instance :—

That he being in pilotage charge of the inward-bound Screw Steamer *Cape of Good Hope* upon the 23rd day of March last, when passing from Fultah towards Hog River Reach, did through disobedience of orders, inattention, or unskillfulness, suffer the Vessel under his charge to be run down by the outward-bound Mail Steamer *Nemesis*, whereby the *Cape of Good Hope* became a total wreck.

VERDICT.

That the Defendant is Guilty of so much of the charge as imputes inattention to him, but not Guilty of "disobedience of orders" or "unskillfulness."

SENTENCE.

The Defendant Mr. Master Pilot E. H. T. Bull having been found Guilty of "inattention," the Judge sentences him to the loss of six steps in Rank and one month's pay, and that his name do stand in the Muster Roll of the Pilot Service below that of Mr. Joseph Obbard, and above that of Mr. Edmund D. Browne, Mate Pilots.

The Proceedings of the trial having been submitted to Government, His Honor the Lieutenant-Governor of Bengal has been pleased to confirm the above sentence, and to communicate the following remarks and orders :—

"The Lieutenant-Governor confirms the sentence of the Marine Court in the case of Mr. Bull, but disapproves of it as quite inadequate to the gravity of the offence committed by that Officer."

"His Honor entirely agrees with you in what you state regarding the notion that seems to prevail that the Rule 38 for the guidance of Running Pilots is not imperative, and that Pilots are allowed a discretion whether to obey that Rule or to disregard it. A Rule which may either be obeyed or disobeyed at the option of the persons for whose guidance it is professedly made, is in fact no Rule at all. As you observe all exceptional cases in which the general directions of the Rule are not to be observed, are provided for in the Rule itself; and the only discretion left to Pilots is the duty of

[1931]

judging whether the case is one coming under the general directions of the Rule, or is one of the exceptional cases specially provided for by the Rule."

"It is of importance that this misconception of the nature of the Rules laid down for the guidance of Pilots should be corrected; and that the Service should be made to understand that they are never at liberty to disregard any Rule; and that they will be held strictly responsible hereafter for disregarding any Rule; though of course all Rules must be applied in a rational manner to the case in hand."

In regard to Mr. Cox you have pronounced (as if clear from the evidence) that the case did not come within the exceptions provided for by the Rule. It follows that Mr. Cox acted in direct disobedience of orders. He is very fortunate on this occasion to have escaped unpunished for so serious an offence; but he and all others must understand that disobedience of orders will not pass unpunished again.

As to Mr. Bull I am desired to request that in publishing the orders on the sentence passed in his case, you will be so good as to explain the light in which his conduct is regarded by yourself and by Government.

In conformity with the above decision, the Master Attendant has been desired to place Mr. Bull's name on the list of Officers of the Pilot Service below that of Mr. Joseph Obbard, and above that of Mr. Edmund D. Browne, Mate Pilots; release him from arrest, and allow him to return to his duty.

By Order of the Superintendent of Marine,

H. HOWE,

Secretary.

WHEREAS by Letters Patent of Her Majesty Queen Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, dated at Westminster on or about the sixth day

[1940]

And whereas, in fulfilment of an engagement in that behalf made with Her Majesty's Government, during the life time of the said Sir Jamsetjee Jejeebhoy, deceased, the said Sir Jamsetjee Jejeebhoy was desirous of settling in perpetuity such property on himself and the heirs male of his body who might succeed to the said Baronetcy, as should be adequate to support the dignity of the title conferred on him and them as aforesaid.

And whereas the said Sir Jamsetjee Jejeebhoy was seised of a Mansion-house and hereditaments situate in the Island of Bombay called Mazagon Castle, and had an absolute estate of inheritance therein; and was desirous in fulfilment of the aforesaid engagements, of settling Promissory Notes of the Government of India producing an annual income of one lac of Rupees and the said Mansion-house and hereditaments, to the uses, upon the trusts, and for the purposes hereinafter limited and declared, concerning the same respectively.

THE 20TH AUGUST 1859.

THE following Bill was read a second time in the Legislative Council of India on the 20th August 1859, and was referred to a Select Committee, who are to report thereon after the 24th of November next:—

A Bill to provide for better supplying with Water the Town and Suburbs of Kurrachee.

WHEREAS it is expedient that the Municipal Commissioners for the Town of Kurrachee should be empowered to construct water-works for better supplying with water the Town of Kurrachee and the Suburbs thereof, and that funds should be provided for the purpose; It is enacted as follows:—

I. The Commissioners appointed under Act XXVI of 1850 for putting the said Act in force in the Town and Suburbs of Kurrachee shall carry out, with as little delay as possible, such a complete system of water-works, and shall construct such tanks, reservoirs, and wells as shall be necessary to provide for the use of the Inhabitants of the said Town and Suburbs a proper supply of good and wholesome water for drinking and domestic purposes, and as shall be directed or sanctioned by the Chief Commissioner in Scinde, and subject to such alterations as may from time to time be ordered by him: and until such works have been completed, and all the expenses thereof defrayed, and all monies borrowed for the payment of such expenses on the security of the rates and taxes and interest thereon, have been repaid, shall set apart for the purposes above-mentioned an annual sum not less than out of the proceeds of the rates and taxes provided by this Act, and the said Act XXVI of 1850.

II. It shall be lawful for the said Commissioners appointed under Act XXVI of 1850, with the sanction of the Chief Commissioner in Scinde, to borrow and take up at interest, on the credit of the

rates and taxes imposed and levied under the said Act and under this Act, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any works under the authority of this Act for supplying water for the use of the said Town and Suburbs; and for the purpose of securing the re-payment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed.

III. To provide for the repayment of the said loan and interest, an annual rate not exceeding two per centum of the value shall be imposed upon all houses, buildings, and lands within the limits of the said Town and the Suburbs thereof, and shall be payable by the owners thereof by half-yearly instalments. Provided that it shall be lawful for the Chief Commissioner on the representation of the Municipal Commissioners to fix from time to time in lieu of the said annual rate of two per cent. any less annual rate. Any rate so fixed shall be publicly notified before the commencement of the year in which such rate is to have effect. The said rate shall be leviable in addition to any rate or tax now leviable under the authority of Act XXVI of 1850.

IV. When the said water-works shall have been completed and all the expenses thereof defrayed and all monies borrowed for the payment of such expenses and interest thereon shall have been repaid, the annual rate imposed by the last preceding Section shall not exceed such rate as may be sufficient in the judgment of the Chief Commissioner to defray the annual cost of the maintenance of the said works, or such portion of the annual cost as shall

[1966]

not be defrayed by the income derived from the sale of water under Section X.

V. The Municipal Commissioners shall prepare a roll showing the estimated value of all houses, buildings, and lands, and the amount of rate thereon to be levied, and such statement shall be open to public inspection for at least sixty days before any payment of tax under this Act can be enforced.

VI. Should any person object to the valuation placed upon his house, building, or land, he may cause the matter to be referred to arbitration, in which case the Chairman of the Managing Committee of the Kurrachee Municipality shall name one arbitrator who is not a Municipal Commissioner, and the owner of the property to be assessed shall name one arbitrator on his part, and the two shall, if necessary, appoint a referee; and the finding of these arbitrators or the majority of them shall be final.

VII. The valuation roll shall not be liable to alteration except at a general revision to be made if requisite at intervals of not less than five years, subject to which limitation it shall be in the power of a majority of the Municipal Commissioners to order such a revision whenever it may appear to them to be necessary, and any difference of opinion between the Commissioners and the owner of any assessed property on the subject of such valuation may be referred to arbitration as above provided in Section VI.

VIII. The Commissioners shall have full power to make all necessary contracts for the construction of the said water-works, but no Commissioner shall be personally liable for any contract so made.

IX. The management and control of the water-works when constructed shall be in the hands of the Municipal Commissioners, who shall provide for the proper supply of water in public reservoirs conveniently situated for the rate-payers, and any water supplied in any other manner than to the public reservoirs, shall be charged at a rate to be fixed by the Municipal Commissioners, in addition to the rate to be levied under Section III. The income derived from the sale of this water shall go to pay for the annual working expenses, establishments, repairs, and improvements, any balance being applied in repayment of the original loan.

X. The provisions of Sections X, XI, and XII of Act XXVI of 1850 shall be applicable to the rate leviable under this Act.

XI. The Commissioners may demand from the occupier for the time being of any house, building, or land the sum due from the owner thereof on account of any rate leviable under this Act, and on non-payment of such sum may recover the same by distress and sale of any goods and chattels found on the premises, and in such case

the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him. Provided that no arrear of rate remaining due from the owner for more than one year shall be so recovered from the occupier.

Morar, 18th July 1859.

SIR,

I HAVE the honor to forward a Report from Lieutenant Hawthorn, of the 24th Bombay Native Infantry, of Operations conducted by him against Rebels. I shall feel obliged by your bringing prominently to the notice of the Right Hon'ble the Commander-in-Chief the zeal and perseverance of Lieutenant Hawthorn, resulting in the complete defeat and dispersal of a body of Rebels.

I have, &c.,

Commanding Gwalior Division.

FROM LIEUTENANT GEO. S. HAWTHORN,

Comdg. Field Det. 24th Regt. B. N. I.,

TO THE BRIGADE MAJOR,

2nd Brigade G. D., Jhansie.

Camp Mow Ranypoor, 3rd July 1859.

SIR,

I HAVE the honor to report for the information of Colonel Lockhart, C. B., Commanding 2nd Brigade Gwalior Division, that according to my instructions I arrived at Tori Futteepoor on the morning of the 15th June last. I there was informed that the Rebels amounting to some 50 Cavalry and between 200 and 300 Infantry under their leaders Burgoor Sing, Chutter Sing and Desput had left the Goorsera Districts and proceeded across the Gosie Desanne to the Hummerpoor Districts. I therefore determined in concert with Major Davies, Commanding the Jhansie Military Police, to follow them up, and co-operate with Captain Sawyers, of the Police in that District.

2. I accordingly marched on Mow Ranypoor where the intelligence above mentioned was confirmed, left

on Gonda; the strength of my Detachment being as per margin, that of Major Davies' as near as I can say as per margin also.

We arrived at Gonda about 4-30 p. m., where we found the Rebels as reported encamped on the left bank of the river with dense jungle in their rear. I immediately ordered Skirmishers to the front under Ensign Holland, 24th Native Infantry, and drove the Rebels through a dense jungle some two miles I should say on to another Ghât further up the River, of the existence of which we were unaware. At this place they re-crossed the river and commenced a sharp fire upon us, but more particularly on the Cavalry who when in the open: however we drove them out of their position and then the Cavalry under Major Davies took up the pursuit.

The success was complete, the Rebels were completely defeated and dispersed with. I am glad to say no Casualty on my side. A Sowar of Major Davies' I regret to say had two fingers cut off while attacking one of the Rebels with his spear. About ten or twelve of the enemy were killed, amongst whom was Jowahier a foster brother of Burgoor Sing's and a man of very determined appearance. Many others were wounded but hard to state how many on account of the dense jungle and nullahs innumerable which favored their escape.

I cannot speak too highly of the conduct of the Officers, Non-Commissioned Officers and Men under my Command during this day's work, and more particularly my thanks are due to Ensign Holland for the steady way in which he lead the Skirmishers, driving all before him, and eventually enabling the Cavalry to take up the pursuit when Infantry were of no further use, and to which I attribute the great success of the day.

I have, &c.,

(Signed) GEO. S. HAWTHORN, Lieut.
Comdg. Fl. Det., 24th Regt. B. N. I.

P. S.—I regret the delay that has occurred in forwarding my Report, but sickness, I trust, will plead my excuse.

The following Bill was read a second time in the Legislative Council of India on the 20th August 1859, and was referred to a Select Committee, who are to report thereon after the 24th of November next:—

A Bill to provide for better supplying with Water the Town and Suburbs of Kurrachee.

WHEREAS it is expedient that the Municipal Commissioners for the Town of Kurrachee should be empowered to construct water-works for better supplying with water the Town of Kurrachee and the Suburbs thereof, and that funds should be provided for the purpose; It is enacted as follows:—

I. The Commissioners appointed under Act XXVI of 1850 for putting the said Act in force in the Town and Suburbs of Kurrachee shall carry out, with as little delay as possible, such a complete system of water-works, and shall construct such tanks, reservoirs, and wells as shall be necessary to provide for the use of the Inhabitants of the said Town and Suburbs a proper supply of good and wholesome water for drinking and domestic purposes, and as shall be directed or sanctioned by the Chief Commissioner in Scinde, and subject to such alterations as may from time to time be ordered by him: and until such works have been completed, and all the expenses thereof defrayed, and all monies borrowed for the payment of such expenses on the security of the rates and taxes and interest thereon, have been repaid, shall set apart for the purposes above-mentioned an annual sum not less than out of the proceeds of the rates and taxes provided by this Act, and the said Act XXVI of 1850.

II. It shall be lawful for the said Commissioners appointed under Act XXVI of 1850, with the sanction of the Chief Commissioner in Scinde, to borrow and take up at interest, on the credit of the

rates and taxes imposed and levied under the said Act and under this Act, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any works under the authority of this Act for supplying water for the use of the said Town and Suburbs, and for the purpose of securing the repayment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed.

III. To provide for the repayment of the said loan and interest, an annual Rate on houses and lands, rate not exceeding two per centum of the value shall be imposed upon all houses, buildings, and lands within the limits of the said Town and the Suburbs thereof, and shall be payable by the owners thereof by half-yearly instalments. Provided that it shall be lawful for the Chief Commissioner on the representation of the Municipal Commissioners to fix from time to time in lieu of the said annual rate of two per cent. any less annual rate. Any rate so fixed shall be publicly notified before the commencement of the year in which such rate is to have effect. The said rate shall be leviable in addition to any rate or tax now leviable under the authority of Act XXVI of 1850.

IV. When the said water-works shall have been completed and all the expenses thereof defrayed and all monies borrowed for the payment of such expenses and interest thereon shall have been repaid, the annual rate imposed by the last preceding Section shall not exceed such rate as may be sufficient in the judgment of the Chief Commissioner to defray the annual cost of the maintenance of the said works, or such portion of the annual cost as shall

not be defrayed by the income derived from the sale of water under Section X.

V. The Municipal Commissioners shall prepare a roll showing the estimated value of all houses, buildings, and lands, and the amount of rate thereon to be levied, and such statement shall be open to public inspection for at least sixty days before any payment of tax under this Act can be enforced.

VI. Should any person object to the valuation placed upon his house, building, or land, he may cause the matter to be referred to arbitration, in which case the Chairman of the Managing Committee of the Kurrachee Municipality shall name one arbitrator who is not a Municipal Commissioner, and the owner of the property to be assessed shall name one arbitrator on his part, and the two shall, if necessary, appoint a referee; and the finding of these arbitrators or the majority of them shall be final.

VII. The valuation roll shall not be liable to alteration except at a general revision to be made if requisite at intervals of not less than five years, subject to which limitation it shall be in the power of a majority of the Municipal Commissioners to order such a revision whenever it may appear to them to be necessary, and any difference of opinion between the Commissioners and the owner of any assessed property on the subject of such valuation may be referred to arbitration as above provided in Section VI.

VIII. The Commissioners shall have full power to make all necessary contracts for the construction of the said water-works, but no Commissioner shall be personally liable for any contract so made.

IX. The management and control of the water-works when constructed shall be in the hands of the Municipal Commissioners, who shall provide for the proper supply of water in public reservoirs conveniently situated for the rate-payers, and any water supplied in any other manner than to the public reservoirs, shall be charged at a rate to be fixed by the Municipal Commissioners, in addition to the rate to be levied under Section III. The income derived from the sale of this water shall go to pay for the annual working expenses, establishments, repairs, and improvements, any balance being applied in repayment of the original loan.

X. The provisions of Sections X, XI, and XII of Act XXVI of 1850 shall be applicable to the rate leviable under this Act.

XI. The Commissioners may demand from the occupier for the time being of any house, building, or land the sum due from the owner thereof on account of any rate leviable under this Act, and on non-payment of such sum may recover the same by distress and sale of any goods and chattels found on the premises, and in such case

the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him. Provided that no arrear of rate remaining due from the owner for more than one year shall be so recovered from the occupier.

XII. In the construction of this Act, words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number.

Words importing the masculine gender shall include females.

The words "the Town of Kurrachee and the Suburbs thereof" shall include the Town and Cantonment of Kurrachee and the Suburbs of Ghizree, Clifton, and Keamaree.

IN accordance with the provisions of Section XXI. of Act XII. of 1858, it is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal has sanctioned the under-mentioned Estimates for the repair and improvement to be made during the year 1859-60 to the Roads in the Suburbs of Calcutta and the Station of Howrah, as defined by that Act :—

24-PERGUNNAH.		Brought forward ... Rs.	
Estimate for the annual repair of the metalled Suburban Roads, amounting to Rs.	73,783	Estimate for additions to old Drains in the Balleegunge Division, amounting to	76
Estimate for the annual repair of the unmetalled Suburban Roads, amounting to	6,136	Total ... Rs.	90,990
Estimate for alterations to Drains in the Burranagore Division, amounting to Rs.	532	HOWRAH.	
Estimate for metalling new Roads in the Burranagore and Intally Divisions, amounting to	4,077	Estimate for the annual repair of the metalled roads in the Station of Howrah, amounting to	6,511
Estimate for additions to Drains on the Kalleeghat Road, amounting to...	5,267	Estimate for the annual repair of the unmetalled Roads in the Station of Howrah, amounting to	1,936

But as it is doubtful that the "Suburban Roads Fund" and the Howrah "Station Roads Fund" for the year 1859-60, together with such sums as can be properly assigned to them from the general Ferry Funds, will amount to more than two-thirds of the sum total of the above Estimates, the Officiating Chief Engineer has been directed to restrict the execution of the works provided for in the Estimates within that limit.

OFFICE OF THE DIRECTOR-GENERAL
OF THE POST IN INDIA,
January 1st, 1859.

THE following Conditions are to be observed in sending Book-Packets by Post :—

1st.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2nd.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3rd.—The Packet may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4th.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5th.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6th.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7th.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter.

together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8th.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9th.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10th.—Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11th.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

SPECIAL Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII., of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

THERE is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

LETTERS and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps :—

	Rs.	As.	Pic.
Letters not exceeding $\frac{1}{2}$ oz. in weight	0	4	0
Ditto exceeding $\frac{1}{2}$ oz. but not exceeding 1 oz.	0	8	0
And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.			

Newspapers not exceeding 4 oz. in weight, 1d. or 9 pic must be pre-paid in cash, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

The following Extract of an Order of the Government of India, No. 881, of the 13th July 1855 :—
“No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as ‘on the Public Service only’ must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed “on the Public Service only” be refused, or if opened that it be at the risk and cost of the opener.”

LETTERS arriving at the Presidency Towns, by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

ALL Banghy Parcels being registered before despatch it is needless to have a Banghy Parcel specially registered by payment of the Fee of 4 annas as no additional precaution can be taken of a specially Registered Parcel which is not taken in the case of every ordinary Banghy Parcel.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee, are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

THE exemption allowed to Officers with the Army from the charge of Forward Postage on re-directed letters has been continued by the Governor-General "until further orders."

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

MAILS for Akyah, Rangoon, and Mouhmein are made up on the 3rd and 19th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 4th and 20th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.
